

# eWorkPapers

## Practice Management Software

eWorkPapers is practice management software that assists the accounting firms in preparation of work papers and filing tax returns on behalf of the clients to the taxation authorities in Australasia.

The product is designed to complement and improve the widely accepted Australasian practices in filing tax returns with dynamic report generation from a robust database and an ability to import data from the leading Australasian accounting software, MYOB.

eWorkPapers will provide standardized format for different Workpapers. Auditors can adopt this eWorkPapers while preparing Tax Returns to their clients. As an application eWorkPapers provides the users to maintain client's data for different years. They can retrieve data, generate reports and represent the data in graphical formats for clear analysis. Users can Import data from MYOB accounting software, which is widely used in Australasia.
