

RealSmart
...Smart Conveyancing

RealSmart product provides a smart and simple way to undertake online conveyancing of property transactions for the real estate business in New Zealand. Designed to manage property transfers, RealSmart enables the realty agents to register themselves on the site to enlist the vendor properties and submit contracts for the conveyancing.

RealSmart is an effective web-based business built to provide sales leads of unsurpassed quantity, consistency and cost effectiveness to realtors, mortgage companies and other related businesses using a combined regional print and internet marketing strategy.

The product is built on Microsoft ASP/SQL Server platforms to perform in Windows NT environment with scalable options.
